of Engineers®**

Submission/Handling of Questions

- **Questions may be submitted during the Morning Session on 3"x5" cards (to be provided). Cards need to be turned in before you break for lunch.**
- **Answers to all questions received will be presented during the afternoon session.**

**US Army Corps
of Engineers®**

Panel Discussion

- **The afternoon panel also will receive live questions posed during the panel discussion.**
- **The entire question/answer session must be viewed with the caveat that all responses provided at the Industry Day be considered as general information, not the government's official response or position.**
- **The official responses will be via separate posting, following Industry Day. The entire record of Industry Day (slides, court recorder notes, etc.) will be posted on the UMCS Webpage.**
